Good morning,

Re. Boundaries of my property on your official document related to policy DS22

Please amend the boundaries of my property shown on your current Draft Canterbury District Local Plan 2040.

As already mentioned to your department via my consultation feedback and my phone call with Andrew Thompson during the autumn of 2022, your marking of my property are wrong.

My property is:

[REDACTED]

You will notice on the attached screenshot of your own map, a dividing line marked across my property. This line/ marking is wrong: there has never been a fence or dividing line splitting my property.

Please get in touch to let me know if you're the right person to talk to.

If you're not, could you let me have the details of the colleague who is dealing with such matters.

Looking forward to hearing from you soon.

Kind regards

Marinette
