I am a Chestfield resident and wish to strongly object to the above development. We already have a large development hanging over our heads on the Thanet way. Traffic is horrendous now and if these two more developments happen this area will be at a standstill. Traffic, Drs ,sewage , flooding water supply to name but a few . To say nothing re air pollution and the lack of green spaces in an already very built up area. I am horrified at the lack of thought that goes into these plannings. I sincerely hope these latest plans are squashed well and truly.
