Dear Sirs

I OBJECT

to the development of this site. Objections below:

Overdevelopment in the area

Loss of green gap

Safeguard our valuable resources , in this instance our farmland

Impact on human wellbeing, light, traffic, noise and visual pollution

Negative impact on biodiversity and nature conservation

Huge increase in traffic with the addition of a slip road off the New Thanet Way

Impact of increase traffic on local roads

Higher demand on healthcare services : Doctors, Hospitals, Dentists

Increase in demand on water supply, already limited in summer months

Flooding issues which already exist with surface water on parts of South Street and Chestfield

Insufficient infrastructure

Increase in sewage. Our current system is already beyond capacity, discharging more and more into our rivers and sea
