You don't often get email from [REDACTED] [Learn why this is important](#)

The Housing Developments in A2290/A299 Corridor is too high and out of proportion to other parts of Canterbury City Council. There is ever increasing pressure on existing infrastructure, like roads, sewage and floodplains. There is already much more traffic pollution and additional pollen pollution from Europe and dust clouds from Africa, causing health problems. Therefore Brookland Farm and Bodkin Farm developments should be cancelled.

Kind Regards,
Az Haq
