To the planning department

Dear Madam/Sir

I object to the proposal to build housing on the Brooklands Farm land.

This is because I live in Whitstable and am already acutely aware of the pressure we have on the sewage system, too much traffic, parking is very limited and expensive in town, and lack of local NHS dentistry.

The new development will put even more pressure on all these things as well lose very precious and beautiful countryside and wildlife - with so little left around Whitstable now due to so many big housing developments being approved.

I can't understand why this site was chosen over other more suitable locations.

Yours sincerely

Sue Baker OBE
