DEAR SIRS

Your objections can include:

- The risk of significantly increased flooding at Brooklands and downstream in Chestfield and Swalecliffe;
- Local health services already badly over-stretched with patients frequently unable to get beds in hospitals
- Significantly increased traffic on local roads - CCC don't know how bad this will be because the Local Plan traffic modelling was totally inadequate
- Swalecliffe sewage works already unable to cope with existing demand resulting in serious illness for some visitors to local beaches. This is totally unacceptable for a town with a famous seafood tradition that aspires to be a tourist destination.
- Loss of best and most versatile agricultural land.
- Loss of beautiful open-landscape and wildlife habitats; bad for *genuine* biodiversity.
- Permanent destruction of the rural nature of the valley of the Swalecliffe Brook, which provides the unofficial Green Belt between urban Whitstable and The Blean. (Why has CCC not provided this with protected status?)
- Loss of amenity for local residents
- The development would not be "sustainable". Whitstable is not the right place to build houses for Canterbury commuters!

PLEASE STOP THE BUILDING WORKS

KIND REGARDS

CHRISTINE O NEILL
