I STRONGLY OBJECT

To the above planning on land at Brooklands Farm.

Our roads are already Grid Locked at various times of day and this will make a bad situation even worse.

It is overdevelopment of our area. We already have raw sewage coming up in peoples gardens round here.

We cannot get to see a GP for weeks since Covid. The systems are stretched to the limit all round and more development will make it unbearable.

They are already working on sewage outfall at Swalecliff but I doubt this will stop the contamination of our seas, just move it further out.

The Government seem hell bent on giving our Country away to Foreign infiltrators with the tax burden on us to pay for others housing and welfare. This is the reason for more houses. Remove millions of illegals and suddenly we don't have to destroy all our valuable farmland to house them.

This plan is over development of our locality.

SAVE OUR FARMS
