Policy W4 (Brooklands Farm)

Hello

As a resident of Whitstable for [REDACTED] years I have witnessed developments spreading through the area at an alarming rate. With these developments further strain on local resources, healthcare in particular, as well as more traffic, pollution from sewage and the decimation of our beautiful country side will be a huge loss to the area.

The proposed new Brooklands Farm development will only add to this.

I strongly object to this development as many other local residents of Whitstable and its environs will testify.

Regards

Ian Robertson
