Good afternoon,

I wish to OBJECT to the plans for development on Brooklands Farm Whitstable.

As a resident of [REDACTED] I do not believe that this development would be in the best interests of the local people.

A development of this size would have possibly catastrophic impacts on the already fragile environment and ecosystem of Whitstable.

I object to this development for the following reasons:

- Sewage, more houses means more sewage for the already struggling system
- Increased traffic and pollution
- Healthcare systems are already stretched to breaking point
- Flooding
- Water supply issues
- Loss of countryside
- Loss of wildlife
- Loss of agricultural land.

I understand that housing in Whitstable is in demand but the house building has got to stop at some point before Whitstable loses everything that has made it such an in demand area.

Kind regards

Luke Austin
