Hello,

I am writing this email to object to the building of 1400 houses on Brooklands farm, Whitstable. The area has already undergone significant damage, and would increase the risk of flooding in the area. In addition to this, Whitstable is struggling with amenities already. The building of 1400 more homes would add more strain to the area as it is already heavily impacted by leaking sewage which this development would not help.

Kind regards,
Amy Bills
