Please accept this email as wholehearted objection to plans for redevelopment of Brooklands Farm . It is horrifying the loss of open space lost to residential buildings already here in whitstable and surrounding areas . Local Traffic is already horrendous especially at rush hour times and I believe this is recognised by the building of a junction off the bypass but I believe it only offers exit in the plans not access which seems mad !

Building nearly 1 and a half thousand homes will significantly and irreversibly change the feel of the Chestfield community. It will be to the detriment of local wild life and result in the loss of agricultural land which obviously plays a vital role in supporting home grown food produce .

Please for once make the right decision and reject this plan completely rather than 'scale it back ' and demonstrate you are listening and valuing local opinion.

Stephanie Marsh
