I strongly object to the proposed housing development at Brooklands Farm, Whitstable.

I moved to Chestfield [REDACTED] years ago and during that time the traffic has increased so much, causing more air pollution and traffic jams on our roads. More housing will add to this problem. As few new sewage treatment works seem to be planned, there will be more sewage being discharged into our sea water and spoiling our beaches. Our wildlife will be badly affected by this. Tourists will think twice about visiting Whitstable and local shops and traders will lose business.

Farmland is precious and should not be used for housing.

Please reconsider this proposed development.

Thanking you,

Mrs J.C.Jewiss.
