To whom it may concern

I wish to register my strong objection to the Brooklands farm development. The addition of an estate of this size will have a terrible effect on the community. The local infrastructure is already struggling and will not be able to cope with the impact of 1400 new houses. Sea and air pollution will increase, the water supply system will struggle, medical support and schooling will not keep up with demand and agricultural land and wildlife will be destroyed.

I object strongly to this development as a woman who was born and raised in the town and now lives here and who has embraced the changes over the years.

Yours faithfully
Sandra Dunster
