Subject: Save Brooklands

To whom it may concern,

I'd like to register my concern about the proposed development on Brooklands farm. It's a beautiful area that provides a perfect dog walking amenity to local residents. During the summer months in particular dogs are not always allowed on beaches so having this area is important for residents and their pets, not to mention the wildlife that resides there.

The increased traffic would also be unwelcome as traffic around Canterbury can be dire at best now...

Furthermore local services are already currently overstretched with local services finding it hard to find beds for patients. Putting even more stress on these services would negatively impact the staff that work there, patients and quality of care.

Thank you for reading my objections to this proposal.

Kind regards

Emma Bidle
