Dear Sirs

I strongly object to policies W3 & W4 Brookland Farm of the draft Local Plan to 2040

Canterbury area is picturesque and we really do not want the surrounding area being swallowed up by more concrete, the effect on wildlife will be irreversible and unforgiving especially in an age where we are so informed of the daily damage we're doing as a human race ...

I get it the shortage of housing is pushing this and really hope it's not greedy developers looking to coin it in

....

As for local infrastructure well we all know it's not in place to support the 2000 -5000 new residents these houses would bring to the area .

So please log my firm objection
