Hello

Please can you save Brooklands farm, the area is already overpopulated it's hard enough to get a doctors appointment as I'm sure you know and south eastern water can't cope sewage already being pumped into our sea and the natural world is getting smaller all the time and Kent is supposed to be the garden of England.

Once it's gone it's gone, money isn't everything please act to help.

Add my vote to stop the development.
