I am writing because I object to the proposed Brooklands Farm Development.

I live in Whitstable and love the sea and surrounding countryside. It's heartbreaking to see it being systematically stolen by greedy developers who only care about the money they would be making out of the deal than about Whitstable.

If this development goes ahead, Whitstable will be losing prime farmland. It will also put yet more strain on our already overloaded infrastructure: schools, medical practices and the sewage system.

Those of us who enjoy swimming in the sea will have even less opportunity than we already have, for a clean swim. Please, Canterbury Council, if you care about Whitstable at all reject this development.

Thank you

Annick Randell
