I am writing to register my objection to the Greenlands development. I object to this, based on the current crisis in Whitstable and surrounding areas. The amount of extra sewage this will create will be catastrophic to the area.

As someone that lived on the Olympia way development from 2014 - 2019, I have experienced firsthand the shoddy drainage systems. We regularly had trucks come to suck out the pipes as they were backing up. There isn't the infrastructure in place to service the extra houses.

Many thanks,

Gemma Collett-mills
