I strongly object to the planning proposal to develop the Brooklands Farm site for housing. I believe that the additional pollution caused by excess sewage that cannot be managed will be a disaster for an area that already suffers from unclean seas and beaches caused by sewage outflow. There will be less availability of healthcare, both doctors and dentists in an area already stretched for these resources. I object to the loss of green space and countryside as well as agricultural land and the resulting impact on wildlife. Pollution will also increase due to additional cars and traffic. Please record my objection to this proposal.

Yours

Pamela Zoe Spencer
