Dear sir/madam,

I object to the proposed development at Brooklands farm in line policy w4 of the draft local plan.

The development will destroy the rural character at the edge of urban whitstable. Furthermore infrastructure for the development is inadequate as it fails to take into account the state and capacity of existing infrastructure to handle an extra 4000 people. Also the number of developments in whitstable without proper infrastructure investment is now starting to show in regards to traffic, local School, appointments with GP's and the amount of wastewater being treated at swalecliffe.

Any development of housing should considered in conjunction with the affect of holiday properties in whitstable first.

Kind regards,

Paul Carey
