I am writing to object to Policy W4 Brooklands Farm. There are many reasons why I do not see the development as a successful plan for the local area but in summary !

My question is to you, as someone who had grown up their whole life in Whitstable, I can tell you that the town cannot cope with influx of visitors we receive in the summer months. So how do you suggest having a permanent increase in the areas population will be a viable option. Obviously, I realise your response so my claims would be reminding of the development plan and infrastructure that is meant to be implemented to resolve this. But my question to you is, if your resolutions can easily solve issues such as this, why have they not already been implemented to resolve on going issues the town has prior to this development.

If this development goes ahead, it will continue cause chaos for the town, so as I think you can agree the plans and development would not be the logical approach for the town. So I suggest a rethink on this situation is very much needed, and an apology to those within the local area.

Kind regards,
Elisabeth Mcilpatrick
