I would like to respond to this planning application:

LOCAL PLAN TO 2040 - Brocklands Farm Section - Chapter 3 policy W4.

My response to this proposal is to completely OBJECT.

The reasons for my objection is on the grounds of the loss of agricultural land, and the loss of the valuable wildlife plus the generation of more sewage resulting in the pollution of the sea. There is no study, in this district, of the illegal dumping of sewage with the existing population and this application just adds to the disgraceful and incompetent practice of using the wonderful resource of the sea as a toilet.

I OBJECT
