Dear Sir/Madam

I wish to add my name to those who have already objected to the proposed development of Brooklands Farm . I object to the inevitable destruction of the precious wildlife that would be entailed in this development . I object to building on such a scale over what's left of our precious green belt . I object to the inevitable pressure that will be put on our infrastructure , schools and medical facilities . I object to the extra pollution of so many more car dependent homes . I object to the greed of the developers who care nothing for the environment , as they are not living here .

Yours Sincerely Thomas Dillon .
