Dear All,

I would like to register my objection to the proposed Brooklands Farm development. I object!

Having looked at the planning application, I am horrified to see that 1400 homes are proposed.

This will place too much strain on local services, produce a huge amount of waste (landfill, sewage, run-off etc.), contribute to loss of wildlife and destroying countryside.

The centre of Canterbury is full of enormous, empty buildings; the former Debenhams and Nason's department stores to name but two - surely these could be converted into dwellings to contribute to creating a thriving city centre?

I insist that this project is stopped.

Best wishes,
Martin Barbour
