I object to the proposal to build a new settlement of 2000 houses on a greenfield site in Blean. It equates to probably 4000 extra cars on our roads which are insufficient and the extra population is not sustainable.

I have not heard from anyone who supports this development but from all the publicity CCC must be aware the vast majority object.

Please consider objectors v supporters and do the correct thing and abandon this development for the sake of local residents.
