I OBJECT to the Brooklands Farm development on the grounds of:-

Overdevelopment in the area.

Existing flood issues.

Insufficient infrastructure.

Increase in sewage .Our current system is already beyond capacity.

Huge increase in traffic.

Higher demand on already overloaded healthcare services.

Increase in demand on water supply , already limited in the summer months.

Safeguard our valuable resources, in this instance our farmland.

Impact on human wellbeing.

Negative impact on biodiversity and nature conservation.
