To whom it may concern

I am against the proposal to build all these houses at , due to the dramatic effect it will have on the environment , and the extra traffic , I regularly travel thru blean for work and currently the traffic can be quite Franky shocking , I speak from experience as I am an professional long distance lorry driver , when I try to get home sometimes it takes just on accident, one break down and Canterbury and gridlocked , so the impact as previously stated on the environment and excess traffic will be catastrophic and not needed and certainly not welcome , save the planet , save the environment , I do not want to live in a concrete jungle , I live in Canterbury for a reason for it's historic values, and surrounding areas of exquisite natural beauty, thanks s development will take a lot of that away

Regards

Mark Oldfield
