To whom it may concern

I strongly OBJECT to the Brooklands farm Development because I live nearby and it will affect me in a number of ways.

I moved here because it was quiet and a nice area with lots of lovely countryside nearby. All the lovely green space between our towns will all be gone forever. We are fast becoming a suburb of Canterbury. All the towns will merge into one huge city soon. The green space that is left will become over used and spoilt.

- \* There will be more traffic causing road chaos and more pollution affecting our health
- \* Access to my doctors and dentist is already difficult and with more people this will become impossible
- \* I am concerned about the sewage issue this will cause in an already overloaded system. It cannot cope now, let alone with more people and houses
- \* The schools in the town will become overloaded, with classes going over the recommended number of pupils. this is not fair on our children. More people driving their children to school will cause chaos
- \* There is so much new building going on in the nearby areas, we cannot cope with more.

PLEASE! No more building!

Kind regards

Brenda Hand,
