I object to the proposed plan to build on Brooklands Farm.

There is already permission and building on a number of sites along the Thanet Way, the roads and infrastructure cannot cope with more. (Infrastructure includes schools, doctor's surgeries and transport).

The loss of prime agricultural land is inexcusable when we need food security; likewise the loss of green space and biodiversity.

The sewage problems are already well documented and these additional properties can only increase the problem.

Please stop this continuous destruction of our countryside.

Thank you

Harriette Dew
