I object to the Brooklands Farm Development because;

It is another case where unplanned population increase will result in uncreased strain on social and physical infrastructure in the area resulting in:

More cars.

Greater pollution.

Traffic density and car parking problems.

Strain on medical provision and statutory services such as Police, Social services and education.

Insufficient sewerage provision and increased sea discharge.

The southeast is becoming a highly densely populated area where social problems are bound to result.

Peter Dalrymple
