I am writing to express my objection to the brook lands farm development.

As a longtime resident of the area I have seen the continual and systematic destruction of the surrounding countryside over the last few years due to the building of countless new houses.

I OBJECT because there is no provision for extra healthcare or education.

I OBJECT due to the destruction of the surrounding countryside.

I OBJECT due to the increased volumes of excrement being pumped into the sea where my children can no longer bathe fo fear of illness.

I OBJECT because the river at Swalecliffe already runs brown into the sea with soil from new developments, and endangered species such as water vole which thrived there a few years ago have been eradicated.

I OBJECT because the greed of the few beneficiaries is being put above the lives of all the existing residents, and will result in the destruction of our community and environment.

Nobody wants this development.

Regards

Phillip Long
