

Colin Thornhill

Dear Sir/Madam,

I am writing to object to the Brookland farm, Development, and insane amount Development all along Thanet Way corridor. A part from the fact we are losing so much of the green area from Long Reach Roundabout to Herne Roundabout. The Thanet Way is Gridlocked for long period of the day.

Quality of life has been reduced so much with Noise Pollution from the Thanet Way. Already we have Water Pollution from sewage, plus lack of fresh water every Summer.

Why Vandalize our green fields when we have potential for growing food, as has been done for centuries.

Already it is impossible to get a doctor's appointment what will it be like with even more demand on their services.

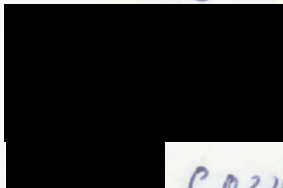

I strongly object to the way this Council has

P.T.O.

ignored the requirements of people in Whitstable, having  
already built the heights, and carried up the land  
around the Long Reach Roundabout, Grassmere Gardens,  
Horn Bay Golf Course.

Surely we have been subjected to enough,  
not forgetting the plan for Boekin farm vandalism,

I ask the City Council Members to come and  
live along this part of the Thanet Way.

COZIW THORNHILL
