I am writing concerning the Blaen proposed development Chapter 2 Policy c12.

I understand this to be development on a greenfield site that will also affect Canterbury's only Parkrun. As an avid Parkrunner who enjoys visiting other locations I feel the loss of any Parkrun should be objected to. Also the needs to be a massive social and first time buyers housebuilding programme in the country and much less building just for profit or for the rich to buy more and more homes up to rent out to those who now cannot afford to buy. My daughter a 30 year old teacher, trained at Christchurch Canterbury and working nearby who has saved up falls into this category, now looking to buy only a one-bedroomed small flat! Schemes for these people need to be prioritised on brownfield sites and not across a historic site that includes poor access, and farming at a time the country is worried about food security.

Yours sincerely,

Trevor Imbush
