Meeting at the Whitstable Umbrella Centre

I have been to this meeting in Whitstable Umbrella Center, There are **major concerns** listening to your unrealistic absurd monstrous plans over **Brookland Farms, Tyler Hill** and **Canterbury**. The respond from your team was and absolute mockery of the peoples intelligence. YOU UNABLE TO PROVIDE AN EXACT WHAT AND HOW YOU DEAL WITH THE CURRENT ISSUES.

As the people have aired out in the room have addressed the **current issues Sewage in the sea, traffic, parking ,affordable housing, flooding, insufficient health care and dental care.**

MOST IMPORTANT OF ALL part of your plans are building on **BROOKLAND FARMS** on a **agriculture land** on a **bio-diverse** nature grounds that currently exist! The destruction of this green space would result in the loss of biodiversity and disrupt the delicate ecosystem that currently thrives in the area. Preserving such natural habitats is essential for maintaining a sustainable environment and ensuring the well-being of future generations.

I live in the **high risk flood** plain, Our question is this development will increase more flooding and more sewage. How are you able to ensure this will not happen? The new development WILL increase the risk the current local residents livelihood and homes. We will want the Council to be accountable for our losses. When asked from the public your speaker could not answer SOS Whitstable questions about currant sewage problem and the maintenance & effect of sewage,. **(Answers was diverted, not specifically answered with insufficient knowledge)**

Housing issues, second homes, affordable homes, your development plan does not guarantee affordable homes for the locals, when asked Your speaker said 'Market Value' that is not affordable housing cost! There are plenty of empty properties in the surrounding area, i.e Canterbury and you unable to utilise what is existing.

This adds onto the continuous problem with **parking and will increase for the worse.**

I live in Whistable since a kid, and part of growing up in Canterbury have seen it developed over the years, moved away and come back.

In todays vision of Whistable & Canterbury, was something I did not expect, it has been great disappoint, not to what I have envision, it is an absolute huge disappointment, the Councils have destroyed what was thriving, unable to sustain what we currently have and find another alternative.

You promised us alot of things and land that should not of been built, unfortunately this **Council has FAILED** us, time and time again!

We are unable to vision your plans and **'I STRONGLY OBJECT'** as you do not fill us any confidence to make it right! Over the years the Councils have **FAILED** us. **THE PEOPLE of WHITSTABLE** & surroundings, this time are willing to **FIGHT BACK!!**

Yours Sincerely
(Oy Wah)
