Dear Sir/Madam,

I wish to register my objection to the housing development of Brooklands Farm.

The environmental cost will be catastrophic to the area, not least the extra strain on our sewage system, which cannot cope at present and also the effect on the local wildlife.

It is a disaster waiting to happen, and if permission is granted, the area will never recover as there is not the investment in local services which would be required to even get remotely close to what would be required.

Yours faithfully,
Richard Morgan
