We would like to register our objections to the above development on the grounds that there is not enough infrastructure in the area at the moment.

Where are all these additional people going to go when ill, where are they going to school, where is the sewage going, where is the water coming from?

All the these questions need to be addressed before any future developments take place in our area.

Is it just money and kickbacks,?

Wake up you councillors

Trevor and Isobelle Roberts
