Dear Canterbury City Council

"I strongly object to Policy W4 Brooklands Farm"

How can you justify more houses being build in our surrounding area and especially over green land and farmland.

We will soon have no green fields and will join up to Herne Bay and Canterbury by housing estates.

How can you justify this further build when we are already overlooked with Houses estates building within the CT5 area and surround land around the Kent area.

How will our doctors hospitals,schools survive and cope with the extra footfall due to increasing head count within our area.

We should be putting a hold and stop all new future developments in the area to save everyone's family life the surrounding landscape and community.

Regards

Lindsay Brown
