I would like to object to the planning application for the dwellings at brook lands farm Whitstable ..I am a resident of Whitstable for the last 10 years. The objection is based on the use of farm land and the pressure of impact onto the surrounding community of which I am part off..the town of Whitstable is already under immense pressure from traffic and resources of medical care. I do need to stress the water supply and sewage disposal is not up to the job now so with more houses and developments I can't see how this can get any better. I strongly object to this development as it doesn't take into consideration the people who live ,work and enjoy life in this unique heritage town

Kind regards
Resident
