Andrew Knowler

Dear Sir,

I strongly object to the proposed policy W4 Brooklands Farm development.

The current craze for building on farmland at a time when we need to be more self sufficient and grow more of our own food is absolutely crazy.

No thought has been put into the loss of wildlife habitat or the fact that the area doesn't have the infrastructure to cope. The loss of the last bit of beautiful countryside in the Whitstable area would be a tragedy to those of us who live in the area. Whitstable has already had more than enough development and your idea of turning it into a sea of concrete doesn't appeal to anyone around here!

Regards, Andrew Knowler.
