I object to Policy W4 Brooklands Farm.

I object to the proposed development of Brooklands Farm which will over develop this area ,especially with the proposed development of Bodkin Farm.

The development of Brooklands Farm would put tremendous pressure on the already struggling drainage and sewage system.

This development would also have an impact on other issues including the Local Health Service and Wildlife habitats.

There is also a proposed possibility of a Slip Road off the New Thanet Way.,This had not been mentioned previously.. This addition to the plans would create vast volumes of traffic using an already very busy Chestfield road, especially at school run times as it would create a direct route from the New to the Old Thanet Way and visa versa. Whitstable is also a very popular and busy tourist spot.

For the above reasons I would ask the Council to look again at the proposed planning and find an alternative site for the development of the houses required.

Regards
Daphne Candler
