I object to Policy W4 Brooklands Farm .

I object to the over development of Chestfield that the Brooklands Farm proposed development would create.

We already have the Bodkin Farm development proposed at the other end of Chestfield. The development of Brooklands Farm would put tremendous pressure on the already struggling sewage and drainage system.

There is also a proposed possibility of a slip road off the New Thanet Way which had not been mentioned previously.

This would create a direct route onto the Old Thanet Way at the Chestfield roundabout through Chestfield via the Chestfield road creating vast volumes of traffic on what is already a very busy road, especially at school run times.

For the above reasons I ask the council to look at the plans again and find an alternative site to build the houses that are required.

Regards
Tim Candler
