We refer to the above planning application and wish to register OUR OBJECTION to this mis-conceived blot on Whitstable's landscape.

Whitstable is already bulging at the seams with the addition of Whitstable Heights, Pearson's Heights and other developments. It doesn't appear to us that any consideration has been given to the provision of healthcare (i.e. doctors and dentists etc), schools and other services. Our local water and sewage industry is already failing to provide adequate safeguards for our seas, rivers and streams and an additional development of 1,400 houses can only cause immense problems in the future.

Whitstable is already sadly lacking in green spaces and diverse wildlife and it horrifies us that precious farmland and public areas are being considered for development.

We trust you will take OUR OBJECTIONS into account when considering this planning application.

Regards.

Veronica and David King
