I object to the proposed buildings on prime farmland at Brooklands Farm.

I object on a number of reasons:-

The loss of natural habitat

The loss of farmland which should be use to grow food

The increased risk of flooding

The lack of doctors and dentists to cope with all these additional people

The already overloaded problems with sewage

The fact that Whitstable will be gridlocked by cars and heavy traffic

The fact that it will create so many more commuters who will be unable to get to work

The fact that there is already so much building work here who is going to buy all these houses?

Please reconsider for all the above reasons - Whitstable will be ruined just like Canterbury shame on you Canterbury City Council

Yours faithfully
Julia Barden
