I object to the proposed development at Brooklands Farm for the under-mention reasons:-

- 1) There will be extra traffic such as private cars, delivery vans/lorries and refuse collection vehicles which will cause more pollution and congestion.
- 2) It will put extra strain on infrastructure for all services such as
 - a) Water and sewage
 - b) Gas and electricity
 - c) Healthcare which will probably increase waiting times in order to visit doctors Etal.

I trust you will take these matters into consideration and if this proposal is passed, ensure that all services can cope with increased demand, in particular the roads.

Kind regards, F. A. Harrad
