Dear people who are building the 2000 houses!

Please do not build 2000 houses! It's threatening our villages! It will also have a bad impact on wildlife, because most of the animals' homes will be destroyed! Plus it will put more & light pollution in the air and ~~there~~ <sup>our water</sup> from the streams that have been cleaned will be used a lot more! Do you know what you're doing? I don't think you do! There will however be more traffic! I don't like traffic and I think you don't like it either. So if you build ~~these~~ these houses, there will be a lot more traffic! ~~PIS PIS PIS~~ ... PIS do not want my school, bleed school school! This will be my childhood one day... I go there now, it's really nice. So if you build a new one, I'm not going to be happy! Cause bleed school is already childhood for many others ~~and for me~~ and for my friends, thousands of people used to go there... and it's like you're throwing all that out of the window like you so careless! PIS PIS PIS STOP this NOW!!!

\* that one older than me!
