Please note I OBJECT to the development of Brooklands Farm  
For the following reasons:-

1. More Houses- more sewage in the sea and rivers
2. More cars- more traffic- more pollution
3. More people - Less healthcare and dentists
4. More flooding
5. More Hosepipe bans due to more demand on water supply
6. Loss of Whitstable's countryside- more concrete
7. Loss of Wildlife
8. Loss of agriculture land
- 9 where are the Drs coming from
- 10 where are the teachers coming from
11. No more concrete, we don't want to become a Borough of London.

We have our own identity. Let's not lose our community.

Regards

Iris manning

We love Whitstable as it is. It's gradually losing the old Whitstable names, as they can't afford to buy a property within the boundaries.

Kent was the Garden of England, sadly becoming the Garden of Concrete.

I OBJECT to the Brooklands Farm development and the University of Kent Development for the same reasons as above the infrastructure is not there to support all these new developments.
