I Lynda Davis - I object vehemently and oppose the Brookland Farm and surrounding area development, for the following reasons:

More sewage contamination in our seas and on our beaches.

Water companies have no infrastructure for the houses that are already here.

More flooding where South st and Radfall Ride meet.

NHS and dental services are under unsustainable work loads. Hence they are leaving the profession, or the country to work elsewhere

We have to put up with hose pipe bans every summer because of the demand on water supplies

More cars lead to more pollution and unbearable traffic jams (which we already have).

The untold damage to wildlife and our green spaces, Which I thought was, supposed to be already protected.

We need more farmers, not less. They should be supported far more. We don't want Cheap foreign imports.

Lyn Davis
