To whom it may concern.

Please stop this proposed development.

I OBJECT for several reasons.

Whitstable is too small and already overcrowded with extra traffic jams , therefore more noise and pollution .

There would be more sewage in the sea(something which has still not been addressed).

There won't be enough local adequate medical care options , as these are already stretched .

Will also have pressure on the schools and child care services.

Finally our beautiful country side, wildlife and birds will be lost forever. Not to mention the farmland. We need to grow food to eat and not grow lego houses. !

Please do not dismiss the wishes of the local community!

Kind Regards
Polly Sander
