BROOKLANDS FARM

I OBJECT

- 1) The sewage system has struggled in recent years more houses will add to the problem.
- 2) Our GP surgeries are full- We can't easily get to see or talk to a GP now - more people would cause more problems.
- 3) More houses means more concrete less green space.
- 4) There has been a lot of development in Whitstable in the last 20 years - we are in danger of losing our identity as a small seaside town.
- 3) Although I understand the need for more housing I do think Whitstable has had more than its fair share of new builds.
