I am emailing as I object to policy W4 Brooklands Farm development.

The extra homes and slip road from the Thanet way will cause traffic issues to Whitstable as well as under the bridge to swalecliffe which is already becoming extremely busy.

There will be an increase in flooding especially under the Thanet way bridge on Chestfield road which is already susceptible to flooding.

Whitstable School is already over subscribed.

The habitat and wildlife would be further affected, which was partially destroyed when the Thanet way bypass was built.

I hope this development does not go ahead as I feel all this new housing is ruining Whitstable and the surrounding areas.

Regards

Andrew Breck
